SERVING
Local & international

— WHO WE ARE

An established **Luxembourg** agency.

Founded in 2022 and based in Bertrange, TradinGo is a creative and digital agency trusted by local and international clients. Our multicultural, multilingual team blends design, technology and strategy to help businesses look sharper, rank higher and grow faster – with the reliability and professionalism Luxembourg companies expect.

— WHAT WE DO

Everything you need to go digital.

One partner for your whole digital presence – from the first pixel of your website to the marketing that fills it with customers.

Web Design & Development

Conversion-focused, modern, and scalable websites tailored to your goals, built primarily on Wix Studio.

✓ Certified by Wix

Mobile Optimisation

Fast, flawless experiences that look perfect on every screen size.

SEO Optimisation

Technical & on-page SEO so the right customers actually find you.

Digital Marketing

SEO, GEO, social media (SMM) & campaigns that drive real growth.

Mobile Apps

Native-feeling iOS & Android apps tailored to your business.

AI Solutions

Practical artificial intelligence integrated into your business.

Branding & Stationery

Logo design, business cards & a complete, cohesive brand identity.

— GOVERNMENT FUNDING

Up to 70% of your project, funded.

Through Luxembourg's **SME Packages – Digital & AI**, run by the Ministry of the Economy, eligible companies can be reimbursed a large share of qualifying digital and AI projects. We help you scope your project to fit the scheme from day one.

70%
 of eligible costs reimbursed by the
 Ministry of the Economy

Qualifying projects: **€3,000 – €25,000**
 excl. VAT

Who is eligible

- ✓ Holds a business permit from the Ministry of the Economy
- ✓ Meets the official SME criteria (staff, turnover, balance sheet)
- ✓ Has its registered office in Luxembourg

Covers websites & digital marketing, management systems, e-invoicing and AI integration – exactly what we build.

Aid is granted and decided by the Ministry of the Economy and paid as a reimbursement after completion, under EU de minimis rules. Amounts and conditions per guichet.public.lu (SME Packages – Digital / AI). Eligibility is confirmed during the official process; Tradingo assists but does not guarantee approval.

— THE PROCESS

From idea to reimbursement.

Five clear steps. We handle the digital work and guide you through the paperwork – so the savings are real and the process is painless.

1

Talk to us

We discuss your goals and scope a project that qualifies for funding.

2

Pre-analysis

A quick assessment with the House of Entrepreneurship or eHandwierk.

3

Application

An adviser completes your grant file; the Ministry of the Economy decides.

4

We build it

Tradingo delivers your website, app, branding or AI solution.

5

Get reimbursed

You pay the final invoice and receive up to 70% of eligible costs back.

Built around your business. You gain a lasting, professional digital presence created by an established Luxembourg team – and, for eligible companies, the grant can help support a meaningful part of the investment.

— READY WHEN YOU ARE

Let's build something worth funding.

Tell us about your project and we'll show you what's possible — and whether it qualifies for up to 70% funding. No obligation.
